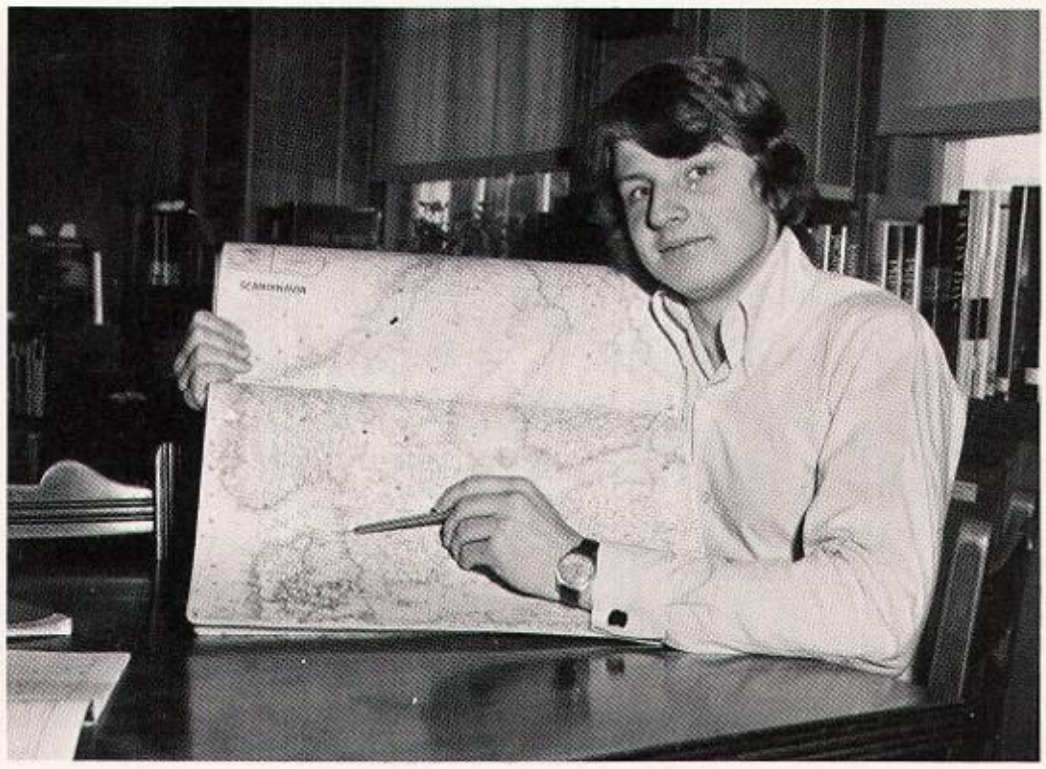
Our Exchange Student From Sweden



My home city in Sweden is Gothenburg, or "Goteborg," as we say in Swedish. The city has a population of 440,000, and is the second biggest city in Sweden. Located on the west coast of Sweden, Gothenburg is the largest seaport in Scandinavia.

School and the way of living are almost the same in Sweden as they are here, but I will never forget my year at RSCS, and the people there. I will also remember the exciting time I had with the football team at practice and games.

Sitting on the plane home to Sweden, I know that I will think of all the fun I had in Richfield Springs. I hope that I can come back, and I would be happy to have any of you visit me over in Sweden. I wish all students good luck in the future, and I hope I see you all again.
